

Steel-Sheet Distribution Boxes

T-BOX

* Surface Mounted T-Box Recessed Frame T-box

- ▶ The steel-sheet distribution box is made of a fully welded construction.
- ▶ Door sealing is made using the latest "Cast-in-Situ" technology, seamless PU sealing.
- ▶ Door hinges are made of high-pressure die-cast aluminum for heavy loads.
- ▶ Door lock: quarter-turn double locking system.
- ▶ Locking mechanism: steel lock for long durability.
- ▶ Grounding pin on both the door and the base.
- ▶ Front face covers are individually divided for easy installation and removal.
- ▶ The top and bottom outlet covers are recessed and have seamless PU sealing.
- ▶ No screws are visible on the exterior of the outlet cover.
- ▶ The rear side is ribbed for greater strength.
- ▶ The recessed frame is supplied with a plastic lock handle for easier door opening.
